

EP0100L®

Line Marking Epoxy

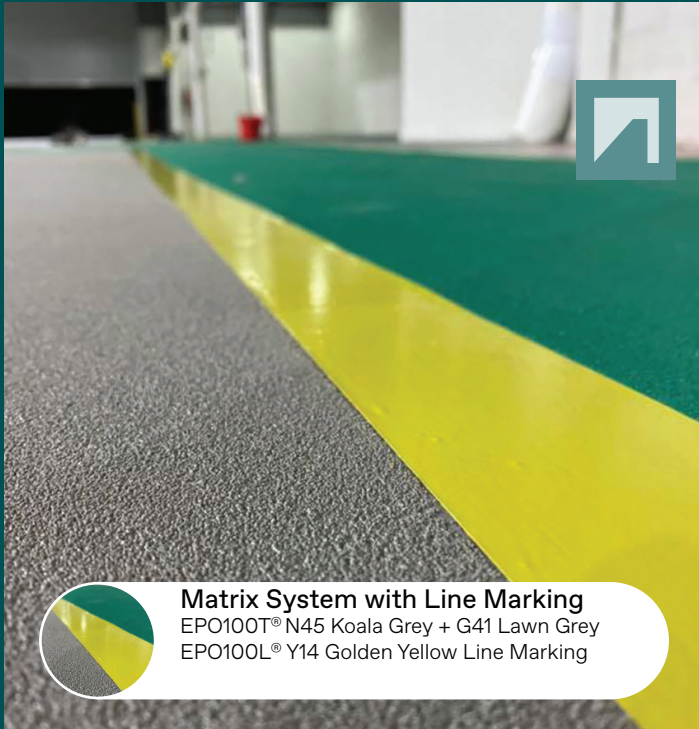

SEAMLESS | HYGIENIC | NON-POROUS | CHEMICAL RESISTANT

Redefining the coatings industry

EPO100L Line Marking Tinted Epoxy is a high-performance 2-pack, industrial epoxy that has been designed, formulated, and manufactured by All Purpose Coatings.

EPO100L is designed as a stand-alone line marking coating for floor and wall applications for use in a wide range of commercial and industrial environments, where a lasting solution is required. A range of mediums such as silica sand and crushed glass can be added when a slip-resistant finish is required. Available in all Australian standard safety colours.

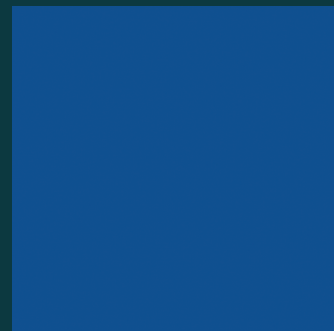

Features & Benefits of using EPO100L®

- Meets OHS requirements
- Long term solution
- Excellent adhesion
- Low VOCs
- 205+ colours
- Tenacious bond to most substrates
- Easy to use - applicator friendly
- Self-levelling
- Low viscosity
